

BRYSON CITY SIGN ORDINANCE**(TOWN OF BRYSON CITY CODE OF ORDINANCES: TITLE XV: LAND USAGE)****CHAPTER 153: SIGN REGULATIONS****Section 153.01 INTRODUCTORY PROVISIONS****Adopted Date:****Effective Date:****153.01.1 Title**

This ordinance shall be known and may be cited as the "Sign Ordinance of the Town of Bryson City, North Carolina."

153.01.2 Purpose

The purpose of this ordinance is to promote the public health, safety, and welfare through a comprehensive system of reasonable, effective, and consistent sign standards and requirements. Consistent with this objective, the Board of Aldermen finds that Bryson City is a traditional mountain community that depends largely upon a tourism-based economy. Tourists, in large part, are attracted to the history, natural environment, scenic beauty, and aesthetic character of the community.

A proliferation of signs in the Town would result in visual blight and unattractiveness and would convey an image that is inconsistent. To preserve the quality, character, and economic vitality of the community, these sign regulations are intended to:

1. Create a balance between the need to advertise, identify, and communicate and the desire to maintain a safe, healthful, and attractive community environment.
2. Enhance the general welfare of the community by protecting property values and preserving the natural environment, the unique character, and the aesthetic integrity of the community. The preservation of Bryson City's appearance and natural beauty from excessive and obtrusive signs is a matter of critical importance to the Town because of its reliance on tourism.
3. Permit signs that are compatible with their surroundings and that are consistent with the scenic beauty and aesthetic quality of the community.
4. Improve pedestrian and traffic safety through the proper placement of signs.
5. Protect the public from the dangers of unsafe signs, and require that signs be constructed, installed, and maintained in a safe and satisfactory manner.

6. Lessen the confusion, visual clutter, and sight impairment that can be caused by the proliferation, improper placement, excessive illumination, and disproportionate sizes of signs when such signs are not properly controlled or regulated.

153.01.3 Applicability

No sign shall be erected, constructed, placed, painted, enlarged, moved, used, illuminated, maintained, or substantially altered in the Town of Bryson City except in conformance with the standards, procedures, and other requirements of this ordinance.

153.01.4 Nonconforming Signs.

A. Subject to the remaining restrictions of this section, nonconforming signs that were otherwise lawful before the effective date of this Ordinance, or any amendments to this Ordinance, may be continued until they are required to be removed under Section 153.01.5. Where the term "message" is used in the following subsections, it shall not apply to the changeable copy on the message board portion of any sign.

B. Existing signs that do not conform to the provisions of this ordinance shall not be enlarged, extended, reconstructed, structurally altered, redesigned, replaced, or modified as to the message or identification thereon. Nor may illumination be added to any nonconforming sign.

C. The nonconforming use of existing signs shall cease when the message or display contained thereon becomes unreadable, obsolete, or no longer functional. A nonconforming sign may be continued so long as it is kept in good repair and maintained in safe condition.

D. A nonconforming sign may not be moved or replaced except to bring the sign into complete conformity with this ordinance.

E. The message of a nonconforming sign other than an outdoor advertising sign may not be changed unless the sign is brought into compliance with the provisions of this ordinance. The message of a nonconforming outdoor advertising sign may be changed, subject to the other provisions of this ordinance.

F. Subject to the other provisions in this section, nonconforming signs may be repaired or renovated so long as the sign is repaired or renovated to be identical in size and message to the preexisting sign as of the Effective Date of this ordinance.

G. If a nonconforming sign, other than a outdoor advertising sign, advertises a business, service, commodity, accommodation, attraction, or other enterprise or activity that is no longer operating or being offered or conducted, that sign shall be considered abandoned and shall be removed within 30 days after such abandonment by the sign owner, owner of the property where the sign is located, or other party having control over such sign. A sign that advertises a business, enterprise, or other activity that is closed for the off-season, not to exceed 180 consecutive days, shall not be considered an abandoned sign.

H. If a nonconforming outdoor advertising sign remains blank for a continuous period of 180 days, that billboard shall be deemed abandoned and shall, within 30 days after abandonment, be altered to comply with this ordinance or be removed by the sign owner, owner of the

property where the sign is located, or other person having control over such sign. For purposes of this subsection, a sign is "blank" if:

1. It advertises a business, service, commodity, accommodation, attraction, or other enterprise or activity that is no longer operating, being offered, or being conducted;
2. The advertising message it displays becomes illegible in whole or substantial part; or
3. The advertising copy paid for by a party other than the sign owner or promoting an interest other than the rental of the sign has been removed.

153.01.5 Amortization of Nonconforming Signs.

- A. Nonconforming signs as of the adoption of this ordinance may be continued so long as the degree of their nonconforming status is not increased.
- B. If the nonconformity consists of too many signs on a single lot or building, or excessive sign area, the person responsible for the violation may determine which sign or signs need to be altered or removed to bring the property or development into conformity with the provisions of this ordinance.
- C. Off-premises signs that are protected from enforced removal by Section 136-131.1 of the North Carolina General Statutes shall not be subject to the provisions of this section unless and until just compensation is provided in accordance with the cited statute, or as amended.

Whenever the Administrator allows or requires a deviation from the presumptive requirements related to sign placement, that deviation shall be noted on the face of the sign permit along with the reasons for allowing or requiring the deviation.
