Mayor Tom Sutton called the meeting to order at 5:30 p.m.

Nate Bowe, Town Engineer, gave the Board an update on the Asset Inventory Assessment Grant Phase III for water and sewer. He also gave an update on a water and sewer extension for Arlington Avenue due to an annexation request.

The Board was informed the Unified Development Ordinance (UDO) was close to completion. The district mapping will be approved but the official UDO will wait until a code enforcement officer can be hired by the Town.

The Board discussed prioritized projects for the North Carolina Revolving Loan Fund. The list included a sewer force main under the Tuckasegee River, the water meter replacement program, and the replacement of the Powell Lumber pump station.
